EXAMINER'S ACTION

Art Unit:

Claims 14-38 are presented for examination.

The response to the restriction requirement of October 23, 1997 has been received and entered.

Claims 35-38 are added to the claims of group 1.

Applicant's arguments regarding restriction requirement have been carefully considered, but are not deemed to be persuasive. Applicant's request for combining all the three group is not accepted, since each of the groups is capable of supporting its own patent. Furthermore each of the above groups is drawn to a totally different subject matter. Cataracts , after cataract conditions and lens implants are totally different one from the other. All ophthalmic conditions are treated by an ophthalmologist, but not all them can be covered by one patent. For the above reasons the restriction requirement is proper and is made final.
